SECTION 1 - THE SCHEDULE, PRICES, BLOCK 23
INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT, COST PER COPY

1. Performance Work Statement

This solicitation is for photocopier supplies and services based on a firm fixed price (cost per copy) charge. Contractor furnished services and supplies are to be provided on an indefinite quantity basis with delivery to U.S. Embassy – Guatemala. Many machines will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Government offices under this contract. The estimated monthly copy volume for each office covering the upcoming five (5) years is shown in Attachment 2. Some machines, which are property of the U.S. Embassy – Guatemala, will not be replaced with new ones but the copies made will be taken into account for copy commitment purposes. Additional machines may be ordered by the Contracting Officer through task orders by applying the cost per copy rate and service requirements of applicable volume bands.

It is the Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the cost per copy rate equal to similarly sized contracted machines within volume bands priced below.

The contractor shall provide copier services on a cost per copy basis. This cost per copy price shall include:

- The usage charge of the proposed copier;
- Insurance (see FAR 52.228-4 and 52.228-5);
- All necessary consumables, except paper, including but not limited to toner, developer kits, fuser oil, unlimited repair services (emergency repairs and preventive maintenance) during the normal business hours set forth in Section C.6;
- Training of at least one (key) operator for each copier.

This is an indefinite-delivery indefinite-quantity contract (IDIQ). The Government plans to issue task orders with a firm-fixed price per copy and a ceiling price based on estimated quantities.

Additional details regarding the Performance Work Statement are stated in Attachment 1 of this section.

2. Period of Performance/Schedule

The performance period of this contract is from the date of contract award, approximately in January 2020, and continuing for 12 months, with four (4) one-year option(s) to renew. The initial period of performance includes any transition period authorized under the contract.

The Contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations, and training services on Monday through Thursday from 7:30 – 17:00 hours and Friday from 7:30 – 12:30 hours.

In order for the option(s) to be exercised at the prices indicated in this contract, the Government shall prepare a modification to this contract exercising this option.

3. Pricing. The Contractor shall provide the following copier models for the cost per copy firm fixed prices set forth below. The estimated "Copies Per Month" column represents the estimated total number of copies for all copiers combined, within that category volume range. All prices are set forth in Quetzales. The Government will pay no monthly lease charge, maintenance or toner or other copier supplies charges under this cost per copy arrangement. No other charges will be accepted. The Government will provide only the paper and electricity.

3.A. Value Added Tax

VALUE ADDED TAX. Value Added Tax (VAT) is not included in the CLIN rates. Instead, it will be priced as a separate Line Item in the contract and shall be included on Invoices.

If equipment damage is deemed a total loss of the equipment, the Contractor will invoice the Government for the purchase price less depreciation (equal to 1/60 of the purchase price times the number of months the machine has been in use under the USG contract.)

12. Technological Refreshment

After contract award, the Government may; pursuant to FAR clause 52.212-4 - Contract Terms and Conditions –Commercial Items, paragraph (c), Changes; request changes within the scope of the contract. These changes may be required to improve performance or react to changes in technology.

The Government is under no obligation to modify the contract in response to the proposed additions or substitutions.

Such substitutions or additions may include any part of, or all of, a given product(s) provided that the following conditions are met and substantiated by documentation in the technological refreshment proposal:

The proposed product(s) shall meet all of the technical specifications of this document and conform to the terms and conditions cited in the contract.

The proposed product(s) shall have the capacity, performance, or functional characteristics equal to or greater than, the current product(s).

The proposal shall discuss the impact on hardware, services, and delivery schedules. The cost of the changes not specifically addressed in the proposal shall be borne entirely by the Contractor. Contractor has the right to withdraw, in whole or in part, any technological refreshment proposal prior to acceptance by the Government. For copiers added during any contract year, the respective contract year rate will apply.

Discontinuance of Service – If the Contracting Officer requests removal, change, or the addition of any copier site by task order or task order modification, the Contractor shall take action within thirty (30) days of receipt of that task order or task order modification. There will be no charge associated with removal, movement or addition of copiers except for adjustments to copier rates as a result of machine location or size changes.

Replacement Copiers - The COR may request a newly manufactured replacement copier at any time in the event of machine break down or malfunction resulting in downtime of more than sixteen (16) hours per month. The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than forty eight (48) hours without copier facilities. Upon delivery of a replacement machine, the Contractor shall advise the COR, (with a copy to the Contracting Officer) of the serial number, location, and model number. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will continue to apply. The Contractor is solely responsible for maintaining copiers in good condition.

E. Contractor's Reports

The Contractor shall maintain an inventory of equipment delivered under this contract. At time of monthly invoicing the Contractor shall provide the Key Operator, with a copy to the COR:

- (1) Make and model
- (2) Location and serial number of machine
- (3) Record of repairs and maintenance performed
- (4) Monthly volume of copies made by machine
- (5) Total cost for copying services for month

F. Machine Usage

The Government will make every effort to ensure that copiers put in place are selected based on volume of copies produced and minimum features required. If the Contractor becomes aware of any particular site where a copier is regularly being over used or under used, the Contractor may recommend replacing that machine with one more appropriate. If the Contracting Officer determines corrective action is appropriate, the Contracting Officer will outline the changes in writing through a modification to the contract or task order.

G. Key Operators

- (1) The COR will provide to the Contractor a list of Key Operator(s) for each copier which is installed, not later than the date on which the copier is installed. The COR will update this list as necessary.
- (2) The Key Operator will be the Contractor's first point of contact on issues relating to individual copies, except for initial copier installation, for which the COR shall be the first point of contact. If there is an

issue that cannot be resolved at the Key Operator level, the Contractor shall elevate the issue to the COR for resolution.

QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

Performance Objective	Scope of Work Para	Performance Threshold
<u>Services.</u> Performs all rental of photocopier equipment services set forth in the scope of work.	1. thru 19.	All required services are performed and no more than one (1) customer complaint is received per month.

H.1 SURVEILLANCE. The COR will receive and document all complaints from Government personnel regarding the services provided. If appropriate, the COR will send the complaints to the Contractor for corrective action.

H.2 STANDARD. The performance standard is that the Government receives no more than one (1) customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause (FAR 52.212-4, Contract Terms and Conditions-Commercial Items), if any of the services exceed the standard.

H.3 PROCEDURES.

- (a) If any Government personnel observe unacceptable services, either incomplete work or required services not being performed they should immediately contact the COR.
- (b) The COR will complete appropriate documentation to record the complaint.
- (c) If the COR determines the complaint is invalid, the COR will advise the complainant. The COR will retain the annotated copy of the written complaint for his/her files.
- (d) If the COR determines the complaint is valid, the COR will inform the Contractor and give the Contractor additional time to correct the defect, if additional time is available. The COR shall determine how much time is reasonable.
- (e) The COR shall, as a minimum, orally notify the Contractor of any valid complaints.
- (f) If the Contractor disagrees with the complaint after investigation of the site and challenges the validity of the complaint, the Contractor will notify the COR. The COR will review the matter to determine the validity of the complaint.
- (g) The COR will consider complaints as resolved unless notified otherwise by the complainant.

(h) Repeat customer complaints are not permitted for any services. If a repeat customer complaint is received for the same deficiency during the service period, the COR will contact the Contracting Officer for appropriate action under the Inspection clause.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
