PRICES, BLOCK 23
INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT
COST PER COPY

1. Performance Work Statement

This solicitation is for photocopier supplies and services based on a firm fixed price (cost per copy) charge. Contractor furnished services and supplies are to be provided on an indefinite quantity basis with delivery to the U. S. Embassy – Guatemala – INL designated offices. Many machines will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Government offices under this contract. The estimated monthly copy volume for each office covering the upcoming five (5) years is shown in Attachment 2. Additional machines may be ordered by the Contracting Officer through task orders by applying the cost per copy rate and service requirements of applicable volume bands.

It is the Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the cost per copy rate equal to similarly sized contracted machines within volume bands priced below.

The contractor shall provide copier services on a cost per copy basis. This cost per copy price shall include:

The usage charge of the proposed copier;

Insurance (see FAR 52.228-4 and 52.228-5);

All necessary consumables, except paper, including but not limited to toner, developer kits, fuser oil, unlimited repair services (emergency repairs and preventive maintenance) during the normal business hours set forth in Section C.6;

Training of at least one (key) operator for each copier.

This is an indefinite-delivery indefinite-quantity contract (IDIQ). The Government plans to issue task orders with a firm-fixed price per copy and a ceiling price based on estimated quantities.

Additional details regarding the Performance Work Statement are stated in Attachment 1 of this section.

If damage can be repaired, the invoice shall reflect the cost of repair including parts and labor. If equipment damage is deemed a total loss of the equipment, the Contractor will invoice the Government for the purchase price less depreciation (equal to 1/60 of the purchase price times the number of months the machine has been in use under the USG contract.)

12. Technological Refreshment

After contract award, the Government may; pursuant to FAR clause 52.212-4 - Contract Terms and Conditions –Commercial Items, paragraph (c), Changes; request changes within the scope of the contract. These changes may be required to improve performance or react to changes in technology.

The Government may, at any time during the term of this contract or any extensions thereof, modify the contract to acquire products which are similar to those under the contract and that the Contractor has, or has not, formally announced for marketing purposes. This action is considered to be within the scope of the contract. At the option of the Government, a demonstration of the substitute product may be required. The Government is under no obligation to modify the contract in response to the proposed additions or substitutions.

Such substitutions or additions may include any part of, or all of, a given product(s) provided that the following conditions are met and substantiated by documentation in the technological refreshment proposal:

The proposed product(s) shall meet all of the technical specifications of this document and conform to the terms and conditions cited in the contract.

The proposed product(s) shall have the capacity, performance, or functional characteristics equal to or greater than, the current product(s).

The proposal shall discuss the impact on hardware, services, and delivery schedules. The cost of the changes not specifically addressed in the proposal shall be borne entirely by the Contractor. Contractor has the right to withdraw, in whole or in part, any technological refreshment proposal prior to acceptance by the Government. Contractor will use commercially reasonable efforts to ensure that prices for substitutions or additions are comparable to replaced or discontinued products. If a technological refreshment proposal is accepted and made a part of this contract, an equitable adjustment, increasing or decreasing the contract price, may be required and any other affected provisions of this contract shall be made in accordance with FAR clause 52.212-4, paragraph (c), Changes, and other applicable clauses of the contract.

- B. Response to service calls – The contractor shall respond to service in calls placed within twenty-four (24) hours of notification during normal host government working hours. In cases where a copier cannot be repaired within forty-eight (48) hours, the contractor shall provide a replacement machine of equal or greater capability. Replacement machines shall remain in use until the original machine is repaired or permanently replaced.
- C. Replacement copiers – the COR may request a newly manufactured replacement copier at any time in the event of machine break down or malfunction resulting in downtime of more than sixteen (16) hours per month. The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than forty eight (48) hours without copier facilities. Upon delivery of a replacement machine, the contractor shall advise the COR of the serial number, location, and model number.
- D. Operational requirements – during installation of copiers, the contractor must demonstrate to COR that copiers are in proper operating condition.
- E. Normal business hours for Government – the contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations on Monday-Thursday during hours of 8:00am to 4:00 pm and Friday during hours of 8:00 am to 11:00 am.

15. Operational Requirements

Equipment Demonstrations - During installation of copiers, the Contractor must demonstrate to the Key Operator that copiers are in proper operating condition. Following successful demonstration, the Contractor shall schedule a session to instruct authorized users on operating instructions and service call procedures.

Introduction of New Models - The Contractor is requested to introduce new or improved model copiers at any time for models initially supplied under this contract. The Contractor shall propose such replacements in writing to the Contracting Officer for review. Replacements shall be of equal or greater capability as the model to be replaced. If they are acceptable, the Contracting Officer shall accept new models and will be appropriately modified, followed by any necessary modification of existing task order(s) or issuance of a new task order(s).

Machine Movements - The Contractor is responsible for all machine movements. The Contractor shall coordinate deliveries, installations, and removals at the end of the contract period or when a machine is no longer required.

16. Changes in Copier Requirements

The number of copiers in use may change at any time. The Contracting Officer is the only person authorized to increase and decrease the number of machines. Changes are made in the form of a task order or task order modification. The contractor shall place in service new and additional copiers as requested at a copy rate equal to similarly sized machines within volume bands shown in Section 1. For copiers added during any contract year, the respective contract year rate will apply.

Machine Usage - The Government will make every effort to ensure that copiers put in place are selected based on volume of copies produced and minimum features required. If the Contractor becomes aware of any particular site where a copier is regularly being over used or under used, the Contractor may recommend replacing that machine with one more appropriate. If the Contracting Officer determines corrective action is appropriate, the Contracting Officer will outline the changes in writing through a modification to the contract or task order.

Discontinuance of Service - If the Contracting Officer requests removal, change, or the addition of any copier site by task order or task order modification, the Contractor shall take action within thirty (30) days of receipt of that task order or task order modification. There will be no charge associated with removal, movement or addition of copiers except for adjustments to copier rates as a result of machine location or size changes.

Replacement Copiers - The COR may request a newly manufactured replacement copier at any time in the event of machine break down or malfunction resulting in downtime of more than sixteen (16) hours per month. The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than forty eight (48) hours without copier facilities. Upon delivery of a replacement machine, the Contractor shall advise the COR, (with a copy to the Contracting Officer) of the serial number, location, and model number. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will continue to apply. The Contractor is solely responsible for maintaining copiers in good condition.

17. Contractor's Reports

The Contractor shall maintain an inventory of equipment delivered under this contract. At time of monthly invoicing the Contractor shall provide the Key Operator, with a copy to the COR:

- (1) Make and model
- (2) Location and serial number of machine
- (3) Record of repairs and maintenance performed
- (4) Monthly volume of copies made by machine
- (5) Total cost for copying services for month

18. Key Operators

(1) The COR will provide to the Contractor a list of Key Operator(s) for each copier which is installed, not later than the date on which the copier is installed. The COR will update this list as necessary.

(2) The Key Operator will be the Contractor’s first point of contact on issues relating to individual copies, except for initial copier installation, for which the COR shall be the first point of contact. If there is an issue that cannot be resolved at the Key Operator level, the Contractor shall elevate the issue to the COR for resolution.

19. QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer’s Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

(End of clause)

52.229-12 Tax on Certain Foreign Procurements (JUN 2020)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(1) *Listed end products.*

Listed End Product	Listed Countries of Origin
_____	_____
_____	_____

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

(ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. **For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.**
